A COUNTRY THAT WORKS™

VENEZUELA SOVEREIGN INVESTMENT FUND (VSIF)

Venezuela has resources. Let’s put them to work.

Protect what belongs to the country. Use it to help rebuild the country.

01

WHAT VENEZUELA HAS

Gold and international reserves abroad.

02

PROTECT WHAT IS OURS

Venezuelan ownership. Clear rules. Professional management.

03

BRING IN PARTNERS

Development banks and responsible investors finance approved projects.

04

REBUILD WHAT MATTERS

Electricity. Water. Roads. Hospitals. Jobs.

HOW IT HELPS

Protected assets give development banks and investors the confidence to finance approved projects.

WHAT IT DOES NOT DO

It does not create free money. Loans must be repaid. Investments must produce results.
